

OVERVIEW OF COMMUNAL AND STATE SUBSIDIES

FOREWORD

FINANCIAL SUBSIDIES FOR HOUSEHOLDS

The town of Dudelange aims to support its citizens and has already set up a series of measures to do so. The current energy and climate crisis affects us all! We all feel its impact in our daily lives. For many years now, Dudelange has provided subsidies to its inhabitants in addition to the State aid available. This brochure will give you an overview of both the communal and State aid you are entitled to. This includes subsidies for energy and mobility as well as social benefits, e.g. for renewable power, household refurbishments, free advice on energy, financial assistance to purchase an electric bicycle or vehicle, as well as various benefits for low-income households. Our “Service écologique” (Ecology Service) and “Maison Sociale” (Social Services) remain at your disposal for further information.

Dan Biancalana, Mayor

COMMUNAL SUBSIDIES

Dudelange provides financial aid in addition to that provided by the State.

1. First, submit your application for subsidies from the State (www.guichet.lu).
2. Then submit your request to Dudelange’s “Service écologique” (Ecology Service) along with documentation listing the aid you received from the State.

FOR MORE INFORMATION

Service écologique

Maison Verte, 25 rue Jean Jaurès, L-3490 Dudelange

FREE AND IMPARTIAL BASIC ENERGY-RELATED ADVICE

In order to obtain communal and State financial support for your energy refurbishment project, you must first carry out an energy check. The Klima-Agence can provide you with all the necessary information to do this. Klima-Agence advisors can also evaluate your home's thermal insulation. The communes that belong to the intercommunal STEP association provide free, impartial and tailored basic energy-related advice in collaboration with the Klima-Agence. For example, Klima-Agence advisors will check your heating system as well as your thermal and electrical power consumption, so as to make suggestions on how to optimise your energy usage and begin using renewables. To make an appointment with a Klima-Agence advisor, please phone 8002 1190.
