*Terms and Conditions

The Traffic Department authorises the use of public land subject to compliance with the following conditions:

- Consult with the Traffic Department of the City of Dudelange prior to the start of the event or occupation in order to determine, where necessary, the temporary traffic and parking measures to be put in place.
- Comply with the provisions of the Highway Code in force, in particular regarding signage for the event, and take all necessary measures to ensure the safety of road users and the protection of third parties and their property.

The City of Dudelange is responsible for putting up and removing signage relating to no parking zones as well as road closure arrangements.

Any equipment installed on public roads without authorisation and identified by the City must be removed immediately.

The permit is issued subject to the rights of third parties and any other permits that may be required. It does not in any way exempt the holder from compliance with applicable laws and regulations.

In the event of non-compliance with the above conditions, the City of Dudelange reserves the right to withdraw the permit with immediate effect.
